Instructions

If a permit application is being made for a commercial or public water supply well that proposes to withdraw 250 acre feet of ground water annually this addendum must be completed in full and be must accompany the permit application. An incomplete application will be returned for correction.

12B. Will the groundwater withdrawal from the proposed water well(s) be commingled, or used for a common purpose with ground water from an existing well(s)?

Yes No

- 12C. For public water supply well(s). Is the proposed water well outside the corporate limits of the community?

 Yes

 No (For commercial well(s) go to question 12D)
- 12D. Does the existing water well(s) referenced in question 12B currently withdraw 500 acre feet or more annually?

Yes No (If NO, please answer question 12E)

12E. Will the total commingled ground water withdrawal from the existing well(s) and proposed well(s) be 500 acre feet or more annually?

Yes No

If the answer to question 12C, 12D or 12E is "YES" a "Large Water User Study" may be required. DO NOT submit your application until you have consulted with District staff. The District has specific large water user study guidelines. These guidelines are available upon request.
